Mother's Day Projects – MOMS LOOK AWAY!!

Mother's Day is Sunday, May 10th. Check out some of these activities as a way for you to make your mom feel special and loved!

1. Follow the Art Projects For Kids tutorial [HERE](#) for a beautiful art project. All you need is a piece of white paper, a pencil and eraser! Then use paint, crayons, markers, pastels... anything you have to make it look really beautiful! If you have a picture frame at home to put it in, that would be great OR you can help mom pick out a frame later! Don't forget to sign your work because you are an ARTIST!

2. Login in to ONE of the Microsoft Teams meetings with Mrs. Goruk so you can work on a project together! All you need is paper, scissors, a pencil and eraser and something to color with!

Tuesday @ 2:00pm or Thursday @ 10:30am

1. Color Poem

-In your "Let's Write Poetry" booklet read the page called Color Poem and complete the front and back side of the page by choosing TWO different colors to write poems about! If you choose blue, you need to come up with DIFFERENT ideas than the example. Post your favourite on SEESAW!
