

**Week 6: May 11 - 15**

Instructions, Lessons and Links

This is your list of activities for the week.

You may find it helpful to have a printed copy. There is also a copy on SeeSaw for you to fill out.

WHEN you do the activities is up to you, but you should try to get all of the activities done by Friday.

Check them off as you complete them and submit your completed 9 Square on SEESAW at the end of the week!

## Explore

- Case of the Missing Carrot Cake
- Scavenger Hunt
- Dusting for Finger Prints
- Fingerprint Art

## Writing

- Fingerprint Poem
- And Then... complete the story prompt -SEESAW

## Numeracy

- Estimation Jar - SEESAW
- Estimating Sums (Booklet)
- Verifying Vegetables - SEESAW

## Numeracy

- Listen to the "Divided By Sign"
- Review - Khan Academy
- Mid Chapter Review - SEESAW

## READ

- Read for AT LEAST 20 minutes!
- Monday
  - Tuesday
  - Wednesday
  - Thursday
  - Friday

## Reading

- Raz Kids
- Listen to Mrs. Goruk read Veggies With Wedgies - SEESAW
- The Crow and the Pitcher

## Word Work

How many words can you make using the letters:

aeeeebglstv

## Meetings

- Mon at 10:30am or Wed at 1:00pm - DIVISION REVIEW
- Friday at 10:00am -BINGO

## Numeracy

- Prodigy
- Number Rumble
- Abcya MATH

## Explore

- Watch The Case of the Missing Carrot Cake
- Create your own Scavenger Hunt
- Dusting for Fingerprints
- Fingerprint Art

1. Click [HERE](#) to watch *The Case of the Missing Carrot Cake* on Storyline Online
2. Create your own Scavenger Hunt! Think about what you could make as a small prize (a card, craft or treat for someone to find). Now decide how many clues you need to make and write them. Be creative! They can be simple (Where we keep the milk) or more complex and rhyming (If you are looking for more clues, look in the place where you put your shoes!) Set it up for someone to follow!
3. Dusting for fingerprints! -Check out the document on the webpage for how to do this fun experiment!
4. Fingerprint Art - use inkpads or washable markers/paint to create your own fingerprint stamps. Then use a fine tip marker or pen to add details to your fingerprints to turn them into creative pictures! See the examples on the webpage for ideas or create your own!

POST PHOTOS or a video of ONE of these activities on  
**SEESAW**

## 1. Fingerprint Poem

-In your "Let's Write Poetry" booklet find and read the page called Fingerprint Poem and complete the back side of the page! You will need to really think about what kinds of comparisons you can make and what kinds of descriptive language you can use! If you are really proud of your poem and want to share it with me... send it to me!

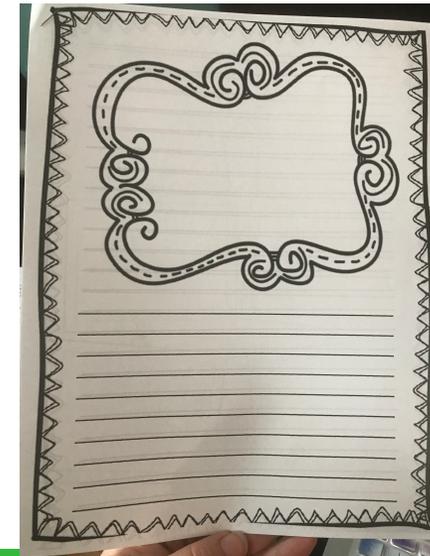

## 2. Fiction Prompt: And Then...

-Login to SeeSaw to read the two And Then... story writing prompts (or read them on the webpage). Choose the ONE that inspires you most. You are going to continue the story by writing the middle and end. It would help if you brainstorm ideas first. You can talk them out with a family member first or create a web of ideas on a piece of paper. You need to think about using amazing describing words and using proper capitals and punctuation. Your story should make sense with the beginning prompt and should be well thought out. Use the lined template from your Work Portfolio and upload a photo or type it in on SeeSaw! Draw an illustration on the front and images from your story on the back!

## Writing

- Fingerprint Poem – Poetry Booklet
- Fiction Prompt: And Then... - SEESAW

## The Estimation Jar

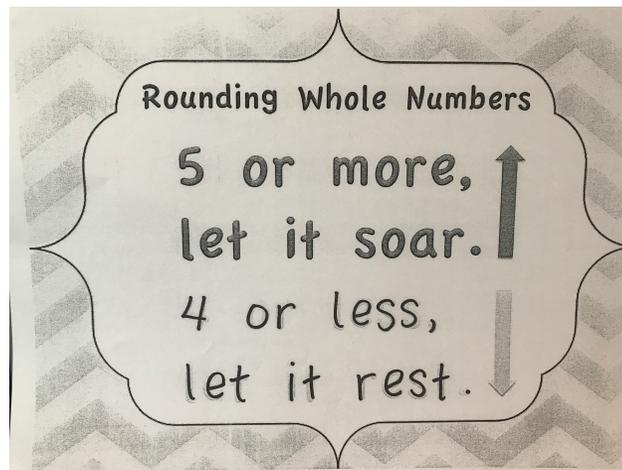

Login to SeeSaw to put in your estimation on Mrs. Goruk's estimation jar! On Friday I will announce the winner in the morning announcement on SeeSaw!

Next create your own Estimation Jar (or glass) with a number of items (make sure you count them out and know how many are in there! We will be posting them on the blog space so we can each make estimates on each others items! Don't post the answer until Friday May 15<sup>th</sup> so everyone has a chance to play!

## Numeracy

- Estimation Jar - SEESAW
- Estimating Sums-- Number Operations BOOKLET
- Verifying Vegetables - Booklet, SEESAW

## Rounding

Don't forget to use your 100 chart if you need it!

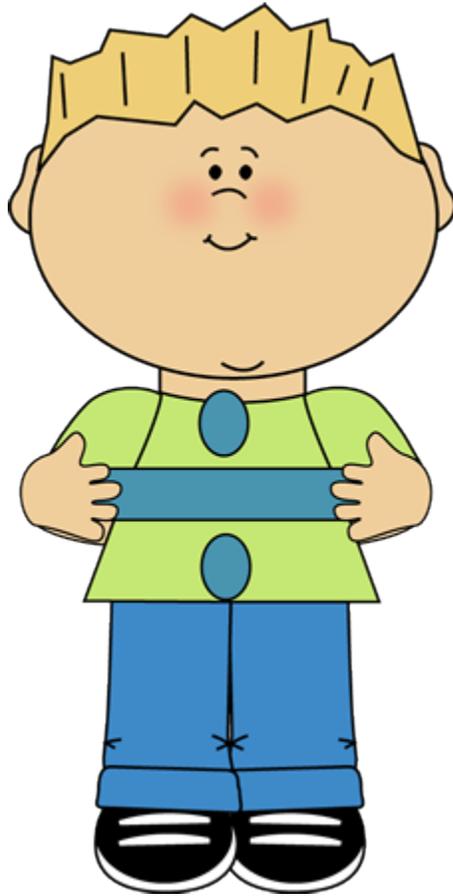

-Login to Brain Pop Jr (Lvlearners, Lakeview2020) and watch the video called "Rounding". Take the quizzes to test your knowledge!

-In your Number Operations Booklet, complete the lesson called "Estimating Sums"

Read the instructions on the Verifying Vegetables page and **CHOOSE EIGHT** (or more) questions from that page to complete and post on SeeSaw!

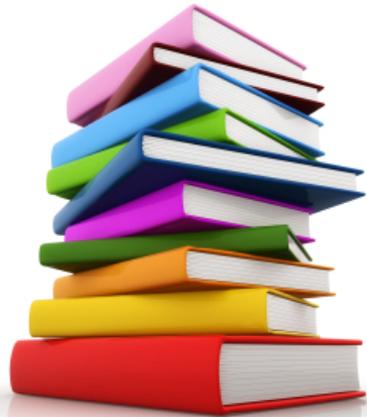

# Numeracy

- Listen to Mrs. Goruk read the book called "If you were a Divided-By Sign"
- Division Practice - Khan Academy
- Mid Chapter Review/In My Home (Booklet) - SEESAW

Grab your blue Division Booklet (in your Work Portfolio)

1. Listen to Mrs. Goruk read "If you were a Divided By Sign".
2. Login to Khan Academy to practice "Division with Groups of Objects" and "Division with Visuals"
3. Join a Teams meeting with Mrs. Goruk to review together BEFORE taking the Mid Chapter Review.
4. Think about how we take quizzes in the classroom. We turn ourselves into islands and have a quiet space so we can concentrate. You can have help with the instructions/reading but the work should be your own. Do the Mid Chapter Review and "In My Home" page as independently as you can. Post pictures on SeeSaw for Mrs. Goruk to see.

**READ!**

Your goal is to read a **minimum of 20 minutes** per day. I challenge to you read 30 or more!

- Monday
- Tuesday
- Wednesday
- Thursday
- Friday

**READ!**

This box will ALWAYS be the same every week! Check off a box each day when you read for AT LEAST 20 minutes.

WHAT you choose to read is up to you! Your Raz Kids link is posted on [Mrs. Goruk's teacher page](#) under Language Arts and there are some new and really cool free options on the [Yellow Team's Grade 3 Webpage](#) under Literacy → Reading as well.

SOME READING OPTIONS INCLUDE:

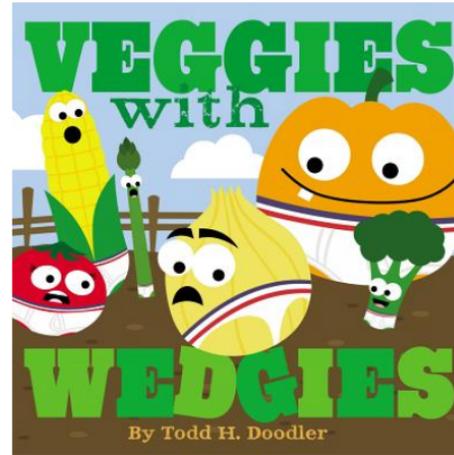

**BOOKS**

-Raz-Kids  
-Magazines

-Get Epic (class code: wyp7217)  
-Audible Stories      -Storyline Online

# Reading

- Listen to books on Raz Kids
- Listen to Mrs. Goruk read *Veggies with Wedgies* - SEESAW
- Fable – The Crow and the Pitcher (work portfolio)

## 1. Login to Raz Kids

Spend at least 20 minutes reading online.

2. Listen to Mrs. Goruk read *Veggies with Wedgies* by Todd H. Doodler on SeeSaw. Record your response!

## 3. The Crow and the Pitcher

In your Work Portfolio find the fable "The Crow and the Pitcher". Read it and complete the pages/activities that go with it.

## Word Work

1. Get out your Nine Square booklet from your supply bag.
2. Write the letters on pieces of paper and cut them out so you can move them around.
3. See how many words you can make! Remember to look for 2 letter words and combos to help you make larger words. Record them on your nine square.

Did you solve the mystery word from last week?

It was INCREDIBLE!

- How many words can you make using the letters:

a e e e b e g l s t v

- Can you solve the mystery word that uses ALL letters?

# Meetings

## Division Review-

Monday the 11<sup>th</sup> at  
10:30 am

AND/OR Wednesday  
the 13<sup>th</sup> at 1:00pm

## BINGO

Friday the 15<sup>th</sup>  
at 10:00am

## Let's Stay Connected!

Now that we know we won't be back together  
in the classroom, let's meet on Teams!

### 1. DIVISION REVIEW

**BEFORE** you do your mid chapter review... login to one or both of the Teams meetings to do some review with Mrs. Goruk. You will need your blue Division booklet and some kind of counter (cheerios, goldfish, pennies, hair elastics, etc.). You will also need paper, pencil and an eraser.

### 2. BINGO

On Friday we will all meet again and play Bingo! You will need to print the Bingo template OR grab a blank piece of paper so you can draw your own. Bring something to write with!

# Numeracy

- Prodigy
- Number Rumble
- Abcya Math

Login to some of our favorite websites to spend some time working on your numeracy skills!

Prodigy

Number Rumble – the contest is over but the games are still available!

Abcya Math

Click HERE to check out abcya for numbers. There are also some awesome games for Language Arts so check those out too!
